

# What 15 Cents Can Do in AI Toolkit

A \$0.15 daily allocation is not a fixed number of conversations. The model lineup reflects the latest models released by vendors through September 22, 2026. Each estimate assumes the full \$0.15 is spent on one task type. These are calculated examples rather than tested usage limits.

**LIMITED AI TOOLKIT SUPPORT (\*)** Models marked with an asterisk are available from their vendors but are not yet fully supported in AI Toolkit. Some features, including specialized assistants, may not work. The asterisk refers to AI Toolkit compatibility, not the model's general release status. For everyday use, choose a model without an asterisk.
